#### ART NOUVEAU – Fall I delivery 7/1-9/15

Inspired by the roaring twenties, Trigelle's Fall I Art Nouveau Collection is a revolution in women's fashion—celebrating liberation from the tyranny of masculine polos, high-waisted trousers, and repetitive silhouettes. Okay, so maybe you won't see any flapper-style dresses or feather tipped hats in this collection, but you'll surely find a refreshing sense of simple elegance with a hint of Great Gatsby flair. Subtle tones of lavender, swan, and sparrow are featured in unique styles such as wide racerback and puff-sleeve polos, and accented with contrast piping, scallop edging, and rack-stitching. Art Nouveau inspired original placed prints and embroidered patterns are featured on such key pieces as slightly flared capris, bermuda shorts, and skorts, resonating a sense of class and modernity. Come and express both the nostalgia and decadence of this fine and artistic period through our Art Nouveau Collection!!!

#### RIDIN' THE RANGE - Fall II delivery 9/1-12/15

Kick off yer boots and sit back for some real fashion with Trigelle's Fall II Collection, Ridin' the Range! Trigelle has added a little color and femininity to the rough and tumble days of the wild, wild west. Wonderful details of western motifs intertwined with contrast piping and yoking are featured on button-front shirts, ¾-sleeve mocknecks, knee-length pants, and bermuda shorts, to name a few. Keeping true with our cowgirl style, we've incorporated deeper colors of garnet, peacock, hedge, and cowhide and added them into feminine styles of our signature bamboo-cotton sweaters and selected styles of tops and bottoms. And to gear you up for the ride, you may just end up trottin' off in a Trigelle cowboy hat! Yee-haw!!!
